Promoting the Best – Women Go Panel

We are pleased to acknowledge an outstanding recognition by way of an important award that was presented in the category “Women Go Panel” by the prestigious “Promoting the Best” organized under the auspices of Alma Zadic, the Austrian Minister of Justice on October 4, 2023. KNOETZL and our partner Bettina Knoetzl are especially gratified to learn that this award, presented at a gala event in the beautiful Grand Etage of Hotel Ferdinand in Vienna, came KNOETZL’s way through the unsolicited nomination of the knowledgeable Vereinigung Österreichischer Unternehmensjurist:innen (Association of Austrian Corporate Lawyers), to whom we wish to express our humble appreciation and salute. We are thrilled to receive this meaningful prize, recognizing our tireless efforts in promoting a great and diverse workplace and empowering women in the law industry at all levels, both within and beyond our firm, as we pursue our mantra of professional excellence. We would like to thank all our supporters, including the Association of Austrian Corporate Lawyers for their thoughtful nomination.

We are especially delighted and humbled to have been awarded our prize along with the other pinnacle winners of the evening including Austria’s treasure in the person of her former Chancellor Brigitte Bierlein (Lifetime Achievement Award), the Austria Ministry of Justice (Special Recognition Award), and the Austrian Bar Association (Women in Law – Special Recognition Award). Congratulations to all our peer winners for their phenomenal achievements!

Promoting the Best is an initiative of Women in Law Austria and the Association of Austrian Corporate Lawyers (Vereinigung Österreichischer Unternehmensjurist:innen - VUJ) in cooperation with Future-Law.
